Action Items Completed:

Soror Lilly

When the Ways & Means committee last met, we exchanged possible fund raising opportunities that could be accomplished during this uncertain covid /pandemic time. We opted that a virtual, rather than physical event may be more viable.

As usual, this fundraising opportunity will involve all chapter members. A Ways & Means (W&M) committee member will take charge of individual groups. Each group will be afforded it's own task. The tasks will focus on sells of LOCAL (i.e. Blacks in the Valley), NATIONAL (Black Businesses around the country) and INTERNATIONAL ENTREPRENEURS and their wares.

A limited number of business will be showcased, live, to invited guests, who will bid on items. Sigma Lambda Omega (SLO) will receive a percentage of items sold. We also expect each featured business to donate at least one item to SLO, for SLO's total profit.

It was also suggested that baskets be auctioned. The baskets could consist of the gift items from each business or donations from the chapter. The focus is on support for Black Businesses. The committee will begin putting up this venture in September. As of now, there is no specific amount of money requested from the chapter to put this action in place. We suspect the cost to be minimal but the work to be, A SERIOUS MATTER, in order to be successful.

Sisterly,
Kincaid
